INDEPENDENT AUDITORS' REPORT

To the Township Board Springfield Township Kalkaska County Fife Lake, Michigan

We have audited the accompanying basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Springfield Township, Kalkaska County, Fife Lake, Michigan as of and for the year ended March 31, 2005, which collectively comprise the Township's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Springfield Township, Kalkaska County, Fife Lake, Michigan as of March 31, 2005, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note I, the Township has implemented a new financial reporting model as required by the Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments as of April 1, 2004.

The management's discussion and analysis on pages iii through ix and budgetary comparison information on pages 22-23 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Springfield Township, Kalkaska County, Fife Lake, Michigan's basic financial statements. The individual fund financial statements, and other supplementary information are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BAIRD, COTTER AND BISHOP, P.C.

Baird, Cotter & Bishop, P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Springfield Township, a general law township located in Kalkaska County has implemented the provisions of Governmental Accounting Standards Board Statement 34 (GASB 34). The Management's Discussion and Analysis, a requirement of GASB 34, is intended to be the Springfield Township board's discussion and analysis of the financial results for the fiscal year ended March 31, 2005. In future years, comparative information will be provided.

Financial Highlights

- ♦ The assets of the Township exceeded its liabilities at the close of the fiscal year by \$370,502. Of this amount, \$163,931 may be used to meet the township's ongoing obligations to citizens and creditors.
- ◆ As of the close of the current fiscal year, the Township's governmental funds reported combined ending fund balances of \$285,501. About 57% is available for spending at the Township's discretion.
- ♦ The Township's total debt decreased by \$20,385 during the fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Township's basic financial statements. The Township's basic financial statements are comprised of three components. 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements The government-wide financial statements, required by GASB 34, are new and being shown for the first time in 2005 for Springfield Township. The *government-wide financial statements* are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business. These statements are calculated using full accrual accounting and more closely represent those presented by business and industry. The entire Township's assets and liabilities, both short and long-term, are reported. As such, these statements include capital assets, net of related depreciation.

The *Statement of Net Assets* presents information on all of the Township's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Township is improving or deteriorating.

The *Statement of Activities* presents information showing how the Township's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Both of the government-wide financial statements distinguish functions of the Township's that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Township include general government and administration, public safety, public works, and other functions. The Township does not have any business-type activities.

Fund Financial Statements

For the most part, the fund financial statements are comparable to prior years' financial statements. The primary difference is that the Account Groups (General Fixed Assets and General Long-Term Debt) are no longer reported. The fund level statements are reported on a modified accrual basis in that only those assets that are "measurable" and "currently available" are reported. Liabilities are recognized to the extent they are normally expected to be paid with current financial resources.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statement, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements, this report further presents Required Supplementary Information (RSI) that explains and supports the information presented in the financial statements.

Government-Wide Financial Analysis

The Statement of Net Assets is the first statement in the Government-Wide Financial Statements section of this document. This statement is useful for providing an indicator of the Township's financial position over time. The Net Assets of the Township are \$370,502 at March 31, 2005, meaning the Township's assets were greater than its liabilities by this amount.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Springfield Township Net Assets as of March 31, 2005

| | Governmental Activities |
|--|--------------------------------|
| Assets | |
| Current Assets | \$ 402,768 |
| Non Current Assets | |
| Capital Assets | 146,642 |
| Less: Accumulated Depreciation | (12,911) |
| Total Non Current Assets | 133,731 |
| Total Assets | \$ 536,499 |
| Liabilities | |
| Current Liabilities | \$ 138,415 |
| Long-Term Liabilities | 27,582 |
| Total Liabilities | \$ 165,997 |
| Net Assets | |
| Invested in Capital Assets Net of Related Debt | 85,001 |
| Restricted for Specific Purposes | 121,570 |
| Unrestricted | 163,931 |
| Total Net Assets | 370,502 |
| Total Liabilities and Net Assets | \$ 536,499 |

The most significant portion of the Township's Net Assets is the investment in capital assets (e.g. land, buildings, equipment, infrastructure, and others), less any related debt that is outstanding that the Township used to acquire or construct the asset. The Township has \$163,931 unrestricted Net Assets. These assets represent resources that are available for appropriation, but are limited by Township policies regarding their use.

At the end of the current fiscal year, the Township is able to report positive balances in all categories of net assets for the government as a whole.

The following table illustrates and summarizes the results of the changes in the net assets for the Township. The condensed information was derived from the government-wide Statement of Activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Springfield Township Change in Net Assets for the Fiscal Year Ended March 31, 2005

| | Governmental Activities |
|----------------------------------|----------------------------|
| Revenues | |
| General Revenues | |
| Property Taxes | \$ 170,211 |
| Licenses and Permits | 6,846 |
| State Shared Revenue | 92,593 |
| Unrestricted Investment Earnings | 4,762 |
| Other | 5,944 |
| Total Revenues | \$ 280,356 |
| Expenses | |
| Legislative | \$ 9,382 |
| General Government | 100,533 |
| Public Safety | 44,468 |
| Public Works | 128,343 |
| Health and Welfare | 32,403 |
| Recreational and Cultural | 8,090 |
| Other Functions | 9,578 |
| Interest on Long-Term Debt | 2,237 |
| Unallocated Depreciation | 3,019 |
| Total Expenses | 338,053 |
| Changes in Net Assets | (57,697) |
| NET ASSETS – Beginning of Year | 428,199 |
| NET ASSETS – End of Year | \$ 370,502 |

Governmental Activities

During the fiscal year ended March 31, 2005, the Township's net assets decreased by \$57,697 or 13% in the governmental funds. GASB 34 now requires the Township to maintain a record of annual depreciation expense and the accumulation of depreciation expense over time. The net increase in accumulated depreciation expense is a reduction in net assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

The most significant portion of the revenue for all governmental activities of Springfield Township comes from property taxes. The Township levied 0.8312 mills for operating purposes. In addition, the Township levied .9587 mills for fire protection, .9887 mills for ambulance service and 1.9164 mills for street improvements.

State shared revenue is collected by the State of Michigan and distributed to local governments by formula allocation of portions of the State sales tax. In fiscal year 2005, the amount of state shared revenue received by the Township trended downward, representing declining sales tax collections and discretionary reductions by the State in revenue sharing payments.

The Township's governmental activities expenses are dominated by public works expenses that total 38% of total expenses. The Township spent \$128,343 in fiscal year 2005 on public works expenses. General Government represented the next largest expense at \$100,533, or 30% of total expenses.

Financial Analysis of the Government's Funds

Governmental Funds The focus of Springfield Township's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Township's financing requirement. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, Springfield Township's governmental funds reported combined ending fund balances of \$285,501. Approximately 57%, or \$163,931 constitutes unreserved fund balance. The remainder of the fund balance is reserved for specific purposes and is therefore not available for new appropriation. For example, the fund balance that is reserved for fire protection must be used for expenditures that relate to fire protection.

General Fund – The General Fund decreased its fund balance by \$18,561 which brings the fund balance to \$163,931. The General Fund's fund balance is unreserved. All of the General Fund's functions ended the year with expenditures below budgeted amounts. Tax related revenues amounted to \$44,770. State shared revenues were collected in the amount of \$92,593.

Municipal Street Fund – The Municipal Street Fund decreased its fund balance by \$57,764 which brings the fund balance to \$56,216. This balance is reserved and must be used for street improvements. Property taxes collected amounted to \$62,236.

Fire Fund – The Fire Fund increased its fund balance by \$1,702 which brings the fund balance to \$61,079. This balance is reserved and must be used for fire protection. Property taxes collected amounted to \$31,107. Expenditures for contracted fire protection services amounted to \$28,145.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Park and Recreation Fund – The Park and Recreation Fund decreased its fund balance by \$440 which brings the fund balance to \$4,275. This balance is reserved and must be used for parks and recreation.

Ambulance Fund – The Ambulance Fund's fund balance remained the same at \$0. Property taxes collected amounted to \$32,098. Expenditures for contracted ambulance protection services amounted to \$32,098.

Capital Assets and Debt Administration

Capital Assets. The Township's investment in capital assets for governmental as of March 31, 2005 amounted to \$133,731 net of accumulated depreciation. There was no change in the Township's investment in capital assets for the current fiscal year.

Capital assets summarized below include any items purchased with a cost greater than \$2,500 individually and that have a useful life greater than one year. A summary of capital asset categories is illustrated below:

Springfield Township Capital Assets as of March 31, 2005

| | Governmental Activities |
|-------------------------------|-------------------------|
| Land | \$ 14,886 |
| Buildings | 131,756 |
| | 146,642 |
| Less Accumulated Depreciation | (12,911) |
| Net Capital Assets | \$ 133,731 |

There were no major capital asset events during the current fiscal year other than depreciation expense of \$3,019.

Long-Term Debt. As of March 31, 2005, the Township had total debt outstanding of \$48,730. Of this amount, \$48,730 comprises debt backed by the full faith and credit of the Township.

Springfield Township Outstanding Debt General Obligation Debt as of March 31, 2005

Building Contract \$ 48,730

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current debt limitation based on the Township's assessed valuation of \$51,646,670 is \$5,164,667, which is significantly in excess of the Township's outstanding general obligation debt of \$48,730.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR FISCAL YEAR ENDED MARCH 31, 2005

Economic Condition and Outlook

The unemployment rate is still high in the State of Michigan and the State's shortfall in the budget means further reductions in state-shared revenues. State-shared revenues are expected to remain the same in the 2005-06 fiscal year. The Township's millage rate will be reduced again by the Headlee Amendment rollback from the 0.8312 mills for general operating purposes levied in 2004-2005.

These factors were considered in preparing the Township's budgets for the 2005-06 fiscal year.

Request for Information

The financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Township's finances and to demonstrate the Township's accountability for the money it receives. If you have any questions about this report or need any additional information, contact Springfield Township at 5253 Ingersoll Road SW, Fife Lake, MI 49633.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Springfield Township is a general law township located in Kalkaska County which operates under the direction of an elected township board. Under the criteria established by generally accepted accounting principles, the Township has determined that there are no component units which should be included in its reporting entity.

B. Government-wide and Fund Financial Statements

During fiscal year 2005, the Township adopted GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statements No. 37 and No. 38, and applied those standards on a retroactive basis. GASB Statement No. 34 establishes standards for external financial reporting for state and local governments and requires that resources be classified for accounting and reporting purposes into the following three net asset categories.

Invested in Capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, and contributors, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets which do not meet the definition of the two preceding categories. Unrestricted net assets are often designated, to indicate that management does not consider them to be available for general operations. Unrestricted net assets often have constraints on resources which are imposed by management, but can be modified or removed.

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The government-wide focus is more on the sustainability of the Township as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The fund financial statements are similar to the financial statements presented in the previous financial reporting model.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. All other revenue items are considered to be measurable and available only when cash is received by the government.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The accounts of the Township are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

Springfield Township reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Municipal Street Fund* accounts for revenue sources that are legally restricted to expenditure for street improvements.

The *Fire Fund* accounts for revenue sources that are legally restricted to expenditure for fire protection.

The *Park and Recreation Fund* accounts for revenue sources that are legally restricted to expenditure for parks and recreation.

The Ambulance Fund accounts for revenue sources that are legally restricted to expenditure for ambulance protection.

Additionally Springfield Township reports the following fund types:

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the modified accrual basis of accounting. These funds are used to account for assets that the Township holds for others in an agency capacity.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use the restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities and Equity

1. Deposits and Investments

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of twelve months or less from date of acquisition. The Township investment policy authorizes the Township treasurer to invest Township funds in deposit accounts, savings accounts and certificates of deposit.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectibles. Property taxes attach as an enforceable lien on the property as of the date they are levied. State education taxes are levied and due July 1, and become delinquent after September 14. County school taxes and all other taxes are levied and due December 1, and become delinquent after February 14. Collections of school and county taxes and remittances of them are accounted for in the Current Tax Collection Fund. Township property tax revenues are recognized when they become both measurable and available for use to finance Township operations. Amounts which are not expected to be collected within sixty days are treated as deferred revenues.

3. Inventories and Prepaid Items

Inventories are not significant and are expensed as required.

4. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$2,500 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of proprietary fund capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Property, plant and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

| <u>ASSETS</u> | <u>YEARS</u> |
|-----------------------|--------------|
| Buildings | 40-60 |
| Building Improvements | 15-30 |
| Vehicles | 3-5 |
| Office Equipment | 3-5 |
| Computer Equipment | 3-5 |

5. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts, as well as issuance costs, are amortized over the life of the bonds using the effective interest method. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The Township currently has no long-term obligations.

6. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

7. Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

The annual budget is adopted on the modified accrual basis in accordance with the requirements of Michigan Public Act 621 of 1978 "The Uniform Budgeting and Accounting Act". A public hearing is held to obtain taxpayer comments. Appropriations lapse at year end. Budget amounts are as originally adopted on April 6, 2004 or as amended by the Township Board from time to time.

The appropriated budget is prepared by fund and activity. The Township Board exercises budgetary control over expenditures.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the Township because it is, at present, not considered necessary to assure effective budgetary control or to facilitate effective cash planning and control.

B. Funds with expenditures in excess of appropriations were as follows:

| | APPF | ROPRIATIONS | EX | PENDITURES |
|-----------------------|------|-------------|----|------------|
| Municipal Street Fund | | | | _ |
| Public Works | \$ | 113,979 | \$ | 120,000 |
| Ambulance Fund | | | | |
| Health and Welfare | | 29,000 | | 32,098 |

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

The Township's deposits are owned by several of the Township's funds. Bank deposits are in Citizens Bank, Flint, MI and Forest Area Federal Credit Union, Fife Lake, Michigan. At year-end, the carrying amount of the Township's deposits was \$363,667 and the bank balance was \$378,774. Of the bank balance, \$225,172 was covered by Federal depository insurance and \$153,602 was uninsured and uncollateralized.

The Township's investments are categorized in the following schedule to give an indication of the level of risk assumed by the entity at year end.

- Category 1 Investments that are insured or registered or for which the securities are held by the Township or its agent in the Township's name.
- Category 2 Uninsured and unregistered investments for which the securities are held by the counterparty's trust department (if a bank), or agent in the Township's name.
- Category 3 Uninsured and unregistered investments for which the securities are held by the broker, dealer, or agent but not in the Township's name.

The Township does not have any investments subject to classification.

A reconciliation of cash and investments follows:

| | (| PRIMARY GOVERNMENT | |
|--|----|-----------------------|--|
| Carrying amount of Deposits | \$ | 363,667 | |
| Government-wide Statement of Net Assets Cash Statement of Fiduciary Net Assets | \$ | 279,596 | |
| Cash | | 84,071 | |
| Total | \$ | 363,667 | |

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

B. Receivables

Receivables as of year end for the government's individual major funds are as follows:

| | | | Municipal | | | |
|-------------------|----|---------|--------------|-------------|-------------|--------------|
| | | General | Street | Fire | Ambulance | Total |
| Receivables | _ | | | | | |
| Taxes | \$ | 4,508 | \$ 10,278 | \$ 5,361 | \$ 5,333 | \$ 25,480 |
| Intergovernmental | \$ | 13,621 | \$ 0 | \$ 0 | \$ 0 | \$ 13621 |

The allowance for doubtful accounts is not considered to be material for disclosure.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the fiscal year, the Township did not have any deferred revenue.

C. Capital Assets

| Primary Government | | | | |
|---------------------------------------|-----------|-----------|-----------|---------|
| | Beginning | | | Ending |
| | Balance | Increases | Decreases | Balance |
| Governmental activities: | | | | |
| Capital assets, not being depreciated | | | | |

| Land | \$_ | 14,886 | \$ 0 \$ | 0 | \$ 14,886 |

| Total capital assets, being depreciated, net | _ | 121,864 | (3,019) | 0 | 118,845 |
| Governmental activities capital assets, net | \$ | 136,750 | \$ (3,019) \$ | 0 | \$ 133,731 |

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:

Unallocated Depreciation 3,019

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

Construction Commitments:

The government has no outstanding construction commitments as of March 31, 2005.

D. Interfund Receivables, Payables and Transfers

Individual fund interfund receivable and payable balances at March 31, 2005, were:

| | INTERFUND | INTERFUND |
|--------------------------------|-------------|-----------------|
| | RECEIVABLES | PAYABLES |
| <u>Fund</u> | DUE FROM'S | DUE TO'S |
| Due From/To Other Funds: | | |
| General Fund | | |

| Municipal Street Fund | | |
| Current Tax Collection Fund | 51,958 | 0 |
| Current Tax Collection Fund | | |
| General Fund | 0 | 32,113 |
| Municipal Street Fund | 0 | 51,958 |
| Total \$ | 84,071 | \$ 84,071 |

There are not interfund transfers as of March 31, 2005.

E. Long-Term Debt

The following is a summary of the long-term debt transactions of the Township of Springfield for the year ended March 31, 2005:

| | | LOANS |
|-------------------------|----|----------|
| Long –Term Debt Payable | | |
| At April 1, 2004 | \$ | 69,115 |
| New Debt Incurred | | 0 |
| Payments on Debt | _ | (20,385) |
| LONG-TERM DEBT PAYABLE | | |
| AT MARCH 31, 2005 | \$ | 48,730 |

Debt payable at March 31, 2005 is comprised of the following individual issues:

Governmental Activities

General Obligation

Building Contract

\$78,551 payable to Forest Area Federal Credit Union, due in monthly installments of \$1,885 through June 20, 2007, interest at 3.75%.

\$ 48,730

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

The annual requirements to amortize debt outstanding as of March 31, 2005, are as follows:

| 2007 Principal \$ 21,955 Interest 666 Total \$ 22,621 2008 Principal \$ 5,627 Interest 37 Total \$ 5,664 Grand Total Principal \$ 48,730 Interest 2,176 Total \$ 50,906 | 2006 Principal Interest Total | \$ 21,148 1,473 22,621 |

| | Principal | \$ 48,730 |
| Total \$ 50,906 | Interest | |
| | Total | \$ 50,906 |

F. Fund Balance Reserves

In order to comply with generally accepted accounting principles and meet certain legal requirements, the Township has reserved fund balances in various funds. These reserves are detailed in the following schedule:

| FUND BALANCE/NET ASSETS | | |
|-----------------------------|----|---------|
| Reserved | | |
| Special Revenue Funds | | |
| Municipal Street Fund | | |
| Street Improvements | \$ | 56,216 |
| Fire Fund | | |
| Fire Protection | | 61,079 |
| Park and Recreation Fund | | |
| Parks and Recreation | _ | 4,275 |
| TOTAL FUND BALANCE RESERVES | \$ | 121,570 |

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

IV. OTHER INFORMATION

A. Risk Management

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Township participates in a pool of municipalities within the State of Michigan for self-insuring property and casualty, crime, general liability, workers compensation insurance and errors and omissions insurance. The Township pays annual premiums to the pool for the respective insurance coverage. In the event the pool's total claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessments to make up the deficiency. The Township has not been informed of any special assessments being required for the current year or the three prior years.

The Township continues to carry insurance for other risks of loss, including fidelity bonds.

B. Property Taxes

The Township levied 4.6945 mills in tax on state taxable value of \$32,468,944 on the 2004 tax roll. The 4.6945 mill levy was for the following purposes:

| General Operations | 0.8312 |
|----------------------|--------|
| Street Improvement | 1.9164 |
| Fire Protection | 0.9582 |
| Ambulance Protection | 0.9887 |
| | 4.6945 |

The date of the levy was December 1, 2004, at which time the taxes became an enforceable lien against the property. Taxes are due and payable to the township treasurer on or before February 28. After February 28, the taxes are payable to the Kalkaska County Treasurer.

The Township has adopted the policy of retaining current tax collections for the General Fund and Municipal Street Fund in the Current tax Collection Fund until after April 1 of each year.

C. Current Tax Collection Fund Balance

The balance of \$84,071 in the Current Tax Collection Fund at March 31, 2005, is payable as follows:

| Springfield Township | |
|----------------------------------|--------------|
| Current Property Tax | |
| General Fund | \$ 22,476 |
| Municipal Street Fund | 51,958 |
| Property tax Administration Fees | 8,332 |
| Interest Earnings | 1,305 |
| | |
| | \$ 84,071 |

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2005

D. Property Tax Administration Fee

The Township passed a resolution to charge a 1% administration fee on all ad valorem taxes levied. The resolution is to continue in force and effect until revoked by the township board.

The Township has determined that authorized costs of tax collections will be repeatedly in excess of the revenues generated by the administration fee so that a restricted earnings account is not reflected in these statements.

E. Aid to Other Governments

The Township makes payments to other governmental units for various public safety and health and welfare services. Some of these payments are financed by extra voted millages and some are financed by Township general operations. For the 2004-2005 fiscal year, these payments were as follows:

| Public Safety | | |
|---|----|--------|
| Fire Protection | | |
| Grand Traverse County Fire Department | \$ | 22,745 |
| Fife Lake Fire Department | | 5,400 |
| Police Protection | | |
| Kalkaska County Sheriff Department | | 11,205 |
| Health and Welfare | | |
| Hospital | | |
| Kalkaska Memorial Health Center | | 305 |
| Ambulance | | |
| Fife Lake Area Emergency Rescue Authority | _ | 32,098 |
| | \$ | 71,753 |

F. Interest Income and Expense

For the year ended March 31, 2005, interest income and expense was as follows:

| | Int | erest | |
|----|--------|-------|---------|
| | Income | | Expense |
| \$ | 4,762 | \$ | 2,237 |

<u>Note</u> – Interest income earned in the Current Tax Collection Fund is periodically transferred to the General Fund and is shown as General Fund interest income.

LETTER OF COMMENTS AND RECOMMENDATIONS

To the Township Board Springfield Township Kalkaska County Fife Lake, Michigan

During the course of our audit of the basic financial statements of Springfield Township for the year ended March 31, 2005, we noted the following:

Reportable Condition in Internal Controls

In planning and performing our audit of the basic financial statements of Springfield Township for the year ended March 31, 2005, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements.

Certain matters considered to be reportable conditions in internal controls were noted. We are issuing a separate letter (letter of reportable conditions) which addresses those items noted.

GASB 34

These financial statements are reported under the new GASB 34 accounting standard and are much different than in the past.

Some of the more significant changes required by GASB 34 are as follows:

- 1. Management's discussion and analysis is a new section in the financial report. This includes the administration's narrative overview of the information contained in the financial statements.
- 2. Several new types of financial statements are now included that report financial information on a Township-wide basis and incorporate capital assets, a provision for depreciation on those assets as well as long-term liabilities of the Township.

We recommend the Township carefully review these statements under the new accounting standard. We are available to explain the various changes in detail if so desired.

General Recordkeeping

The accounting records for the year ended March 31, 2005, were found to be in good order and in compliance with the State's uniform accounting system. We commend the Clerk and Treasurer for a job well done and encourage them to keep up the fine effort.

We would like to thank the board for its continued confidence in our firm and to thank the township officers for their cooperation.

If you have any questions relative to the above comments and recommendations or other areas of your annual accounting, please feel free to call on us.

JOHN F. TAYLOR, C.P.A. STEVEN C. ARENDS, C.P.A. SCOTT A. HUNTER., C.P.A. JONATHAN E. DAMHOF, C.P.A.

To the Township Board Springfield Township Kalkaska County Fife Lake, Michigan

In planning and performing our audit of the basic financial statements of Springfield Township, Kalkaska County, Fife Lake, Michigan for the year ended March 31, 2005, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control structure. However, we noted certain matters that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the organization's ability to record, process, summarize, and report financial data consistent with the assertions of management in the basic financial statements.

The relatively small number of people involved in the accounting functions of the Township and the design of the accounting system as developed by the State make it difficult to adequately segregate duties. Segregation of accounting duties is a fundamental method of strengthening internal control. However, in deciding what internal control procedures should be implemented, the Board must consider the costs of implementing them and weigh those costs against the benefits to be derived from their implementation. The Township has implemented all reasonable internal controls and when consideration is made of the cost of implementing additional controls versus the benefit to be derived by additional controls, the costs far outweigh the benefits.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we believe that the condition described above is not a material weakness.

This report is intended solely for the information and use of the Board and others within the organization. This restriction is not intended to limit the distribution of the report, which is a matter of public record.

BAIRD, COTTER AND BISHOP, P.C. Baird, Cotte & Bishop, P.C.
